Assessing wind energy development in Uganda: Opportunities and challenges

Benard M Wabukala , Jacob Otim, Geoffrey Mubiinzi , more...[Show all authors](#) First Published January 18, 2021 | Review Article |  Check for updates<https://doi.org/10.1177/0309524X20985768>[Article information](#) 

Abstract

In this paper, we utilize a systematic review to assess opportunities and challenges in wind energy development in Uganda. Apart from being an environmentally friendly and renewable energy resource, development of wind energy could boost economic growth and create jobs. For Uganda, rising energy demand, need to reduce greenhouse gas emissions, and increasing electricity access to rural areas, emerge
